AEON LABS SMART POWERSTRIP

Z-Wave Power Strip with Energy Metering Capabilities

The Aeon Labs Smart PowerStrip is a low-cost Z-Wave power board which can report immediate wattage consumption or kWh energy usage over a period of time.

The PowerStrip can be controlled by other Z-Wave devices to turn on / off 4 power outlets in 2 separate groups to save electricity when appropriate. Two of the board's 6 power outlets remain constantly powered unless the whole board is powered down.

Product highlights.

- Low-cost Z-Wave energy meter and on/off capability in power strip
- 4 switchable power outlets (in 2 groups) and 2 constant power outlets
- Energy readings accurate to 1%
- Latest Z-Wave protocol and commands
- Supports Z-Wave Explorer Frames
- Repeats Z-Wave messages
- Optimized antenna range: 100+ feet tested

Technical specifications.

- Powered by 90-260VAC, 50/60Hz.
