## Right on Schedule, Our Expanded Decora® Timer Switches

Ideal for residential indoor/outdoor lighting, heat lamps, spas/hot tubs, pool filters and exhaust fans

New and improved; our expanded Decora Timer Switch line offers advanced features, superior accuracy and modern aesthetics. The selection includes fully programmable or preset timers for precision control of lights and motors in homes, offices, schools, hotel rooms and other small commercial applications. Homeowners can set lights to turn on and off for a lived-in look while they're away, or automatically control heat lamps, pool pumps and bathroom fans. Available in popular colors, the timers are backed by Leviton quality and reliability.

- Single pole and 3-way applications (most models)
- Timers replace a standard wall switch (neutral required for select models)
- Green locator LED illuminates when lights are OFF
- Coordinate with Decora screwless wallplates
- Meet all applicable UL, CSA and FCC requirements
- 5-year limited warranty
